

**NEW
1" ADJUSTMENT
3/8" GLASS
GLAZING CHANNEL**

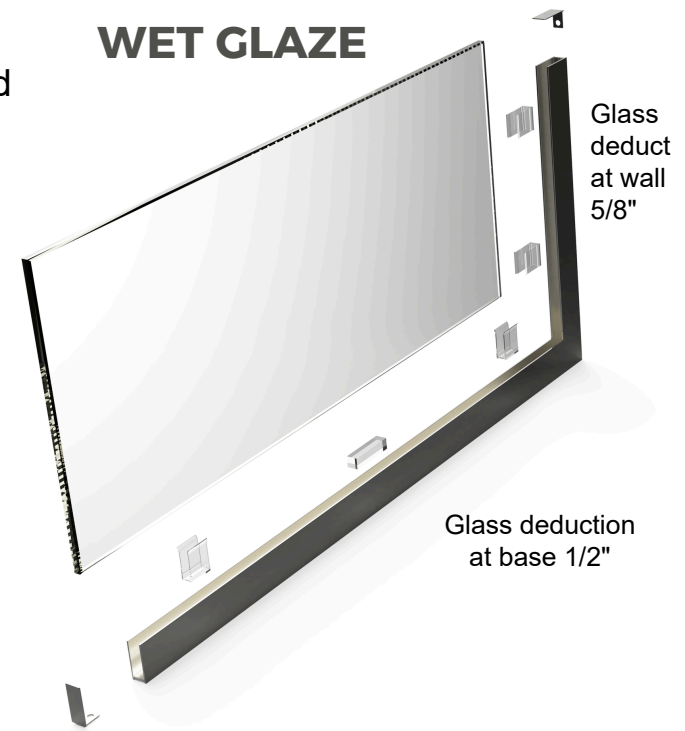

Part # EX.X018 @ 84" max

**NEW 1" ADJUSTMENT 3/8" GLASS
GLAZING CHANNEL - EX.X018 @ 84":**

- **1" Adjustment** - for Estate sidelite panels and sills, or any 3/8" glass installations
- **Option on Estate units** - specify XDEEP channel instead of standard EX.1018 or EX.1014
- **Finishes** - BNK, MBL, OPC, ORB, SIL
- **Lift and drop** - use as the ceiling channel for lift and drop panel installations we need to finalize
- **Glazing** - identical glazing system as the EX.1018:
 - **Dry glaze** - use snap-in glazing vinyl (VN.4031.CLR)
 - **Wet glaze** - use X version centering clips (in BP.3205.CLR) and silicone
- **Special End Cap** - HA.2016 (2 per box, sold separate) is specially designed for the EX.X018
- **Centering Clip Bag** - BP.3205.CLR (4 per bag, sold separate)
- **Maximum length:** 84"

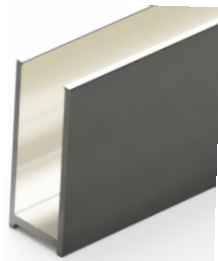

**Glass adjustment at wall: 1/2" in, 1/2" out
Glass adjustment at base: 3/4" up, 1/4" down**

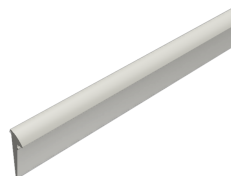

Glass deduction at base 1/2"
